

Client: Fitness First

Project: Interior Building Drainage

With 400 clubs and over 1 million members, Fitness First is the largest operator of health clubs in Europe. In 12 years they have grown from a single club, to a business that spans 15 countries. Working with Fitness First's in-house engineering department, Component Developments was adopted as the standard for all Fitness First new builds and refurbishments since 2001.

With standard products held in stock and standard delivery periods, the partnership between Fitness First, Component Developments and the main contractor on site enabled an efficient and economical solution to ensure our customers' continued success. Other standards produced recently include those for Cannons, Livingwell and Holmes Place leisure facilities.

Stainless Steel: Drainage Channels | Gratings | Trapped Gullies | Rodding Eyes | Access Covers | Corner Guards | Crash Rails | Kerbs | Special Fabrications

Accreditations: ISO 9001:2008 Quality Assurance | ISO 14001:2004 Environmental Management | OHSAS 18001:2007 Occupational Health & Safety
